OWEN GUN

ILLUSTRATIONS SHOWING THE USE OF THE SLING

**LYSAGHT'S NEWCASTLE WORKS PTY. LTD.
PORT KEMBLA BRANCH
MAY, 1942**

Figure 1

Slings the Owen Gun for service, put the head and shoulder through the sling

Figure 2

The hip position. Note that in this position the gun is firmly braced and carried by the sling

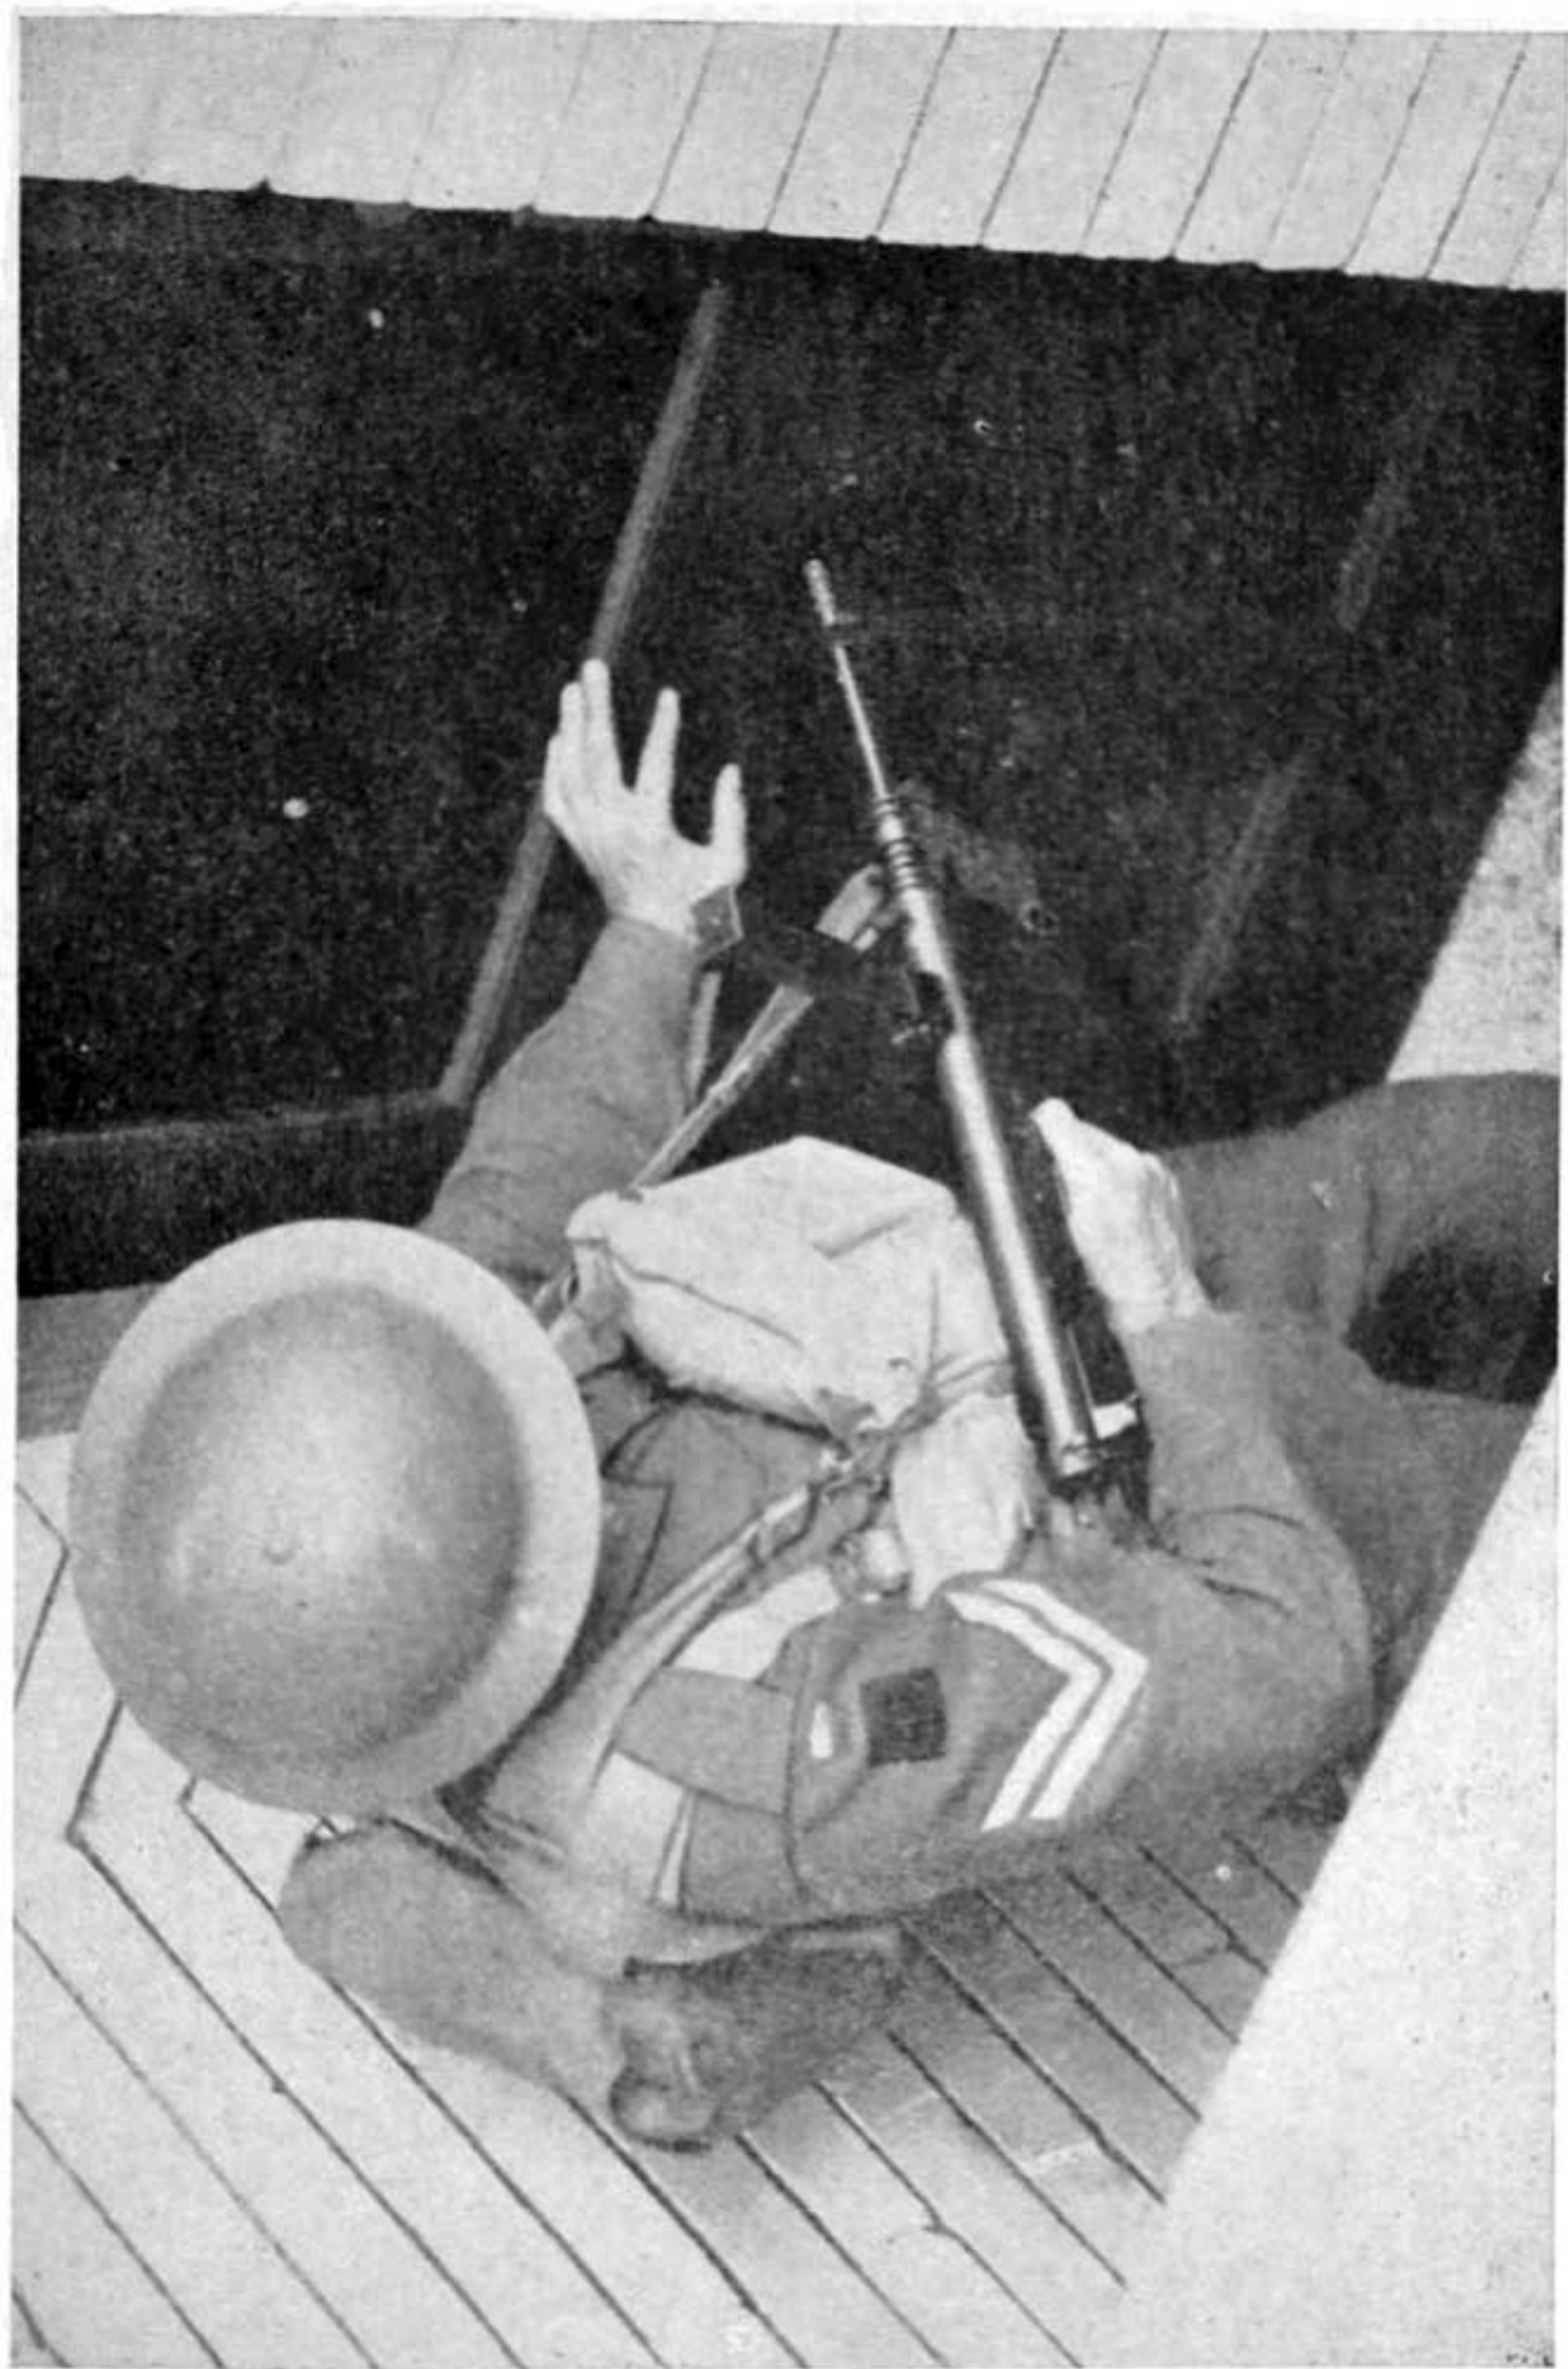

Figure 3

The gun is readily controllable with one hand, leaving the left hand free

Figure 4

To free both hands, simply lower the muzzle and push the gun through to the rear

Figure 5

To change from the hip to the shoulder, slip the elbow and arm through the sling, again grasp the pistol grip and—
(See Figure 6)

Figure 6

—raise the gun to the shoulder

Figure 7

The sling may also be of use when stripping the gun
